

ESAA Notes – September 3, 2020

Attendance: Rich Fridell, Dan Mazzella, Sammy Knight, Chuck Dowe, Bruce Doole, Len Hering, Matthew Giedt-Parades, Paul Honeycutt, Jim Atkins (by phone), Luke Mellis, Robert Yslas and Sean Roy.

August Notes were approved by all.

Treasurer's Report: Greg reviewed with no changes since August. All approved.

President's Report:

- Dan encouraged us all to volunteer as possible.
- Facemask project report was made and more promotion is needed, options:
 - Bring to Council Roundtable
 - Share via the Council Newsletter

Paul Honeycutt shared an interesting story and photo about rafting on the Colorado River.

Hornaday Program – ways ESAA can promote the program was shared by Chuck Dowe. A presentation was sent in advance by Chuck. The material prepared was well done and he will begin promoting the award using this material. Chuck serves as the ESAA Hornaday Project coordinator.

Len Hering – I Love a Clean San Diego partnership.

- Covers all of San Diego County hosting 3 major clean up event.
- Projects include conservation and are a good match for Eagle projects and the Hornaday Award.
- Think Blue Project – Storm drain stenciling is needed for hundreds of storm drains to keep trash from entering the storm drain and eventually the bay/ocean.
- Dan as a site captain for the Camp Balboa location for September 26th. More information to follow.

Membership/Communications: Chuck is making website updates which can include forms to be made available. All discussed the newsletter and it coming out monthly – after the monthly meeting. To support this effort we need to get materials to Chuck quickly.

Chuck is building a graphic to be promoted through Roundtable to bring awareness to the Facemask committee.

NOESA – Bruce Doole: Reaching out for nominations ideally due 9/10 which may be extended. The Council can present as many as 6 NOESA awards.

Gathering of Eagles – Matthew Giedt – Paredes: Next steps – begin to collect the recorded portions of the program and build the program. Matthew is willing to help learn and coordinated the technology. Matthew mentioned we may want to consider a later date.

Notes prepared by Sean Roy
